C·A·B INTERNATIONAL

In keeping with its new international image, the Commonwealth Agricultural Bureaux has been renamed **C·A·B International**. This change was agreed by the 29 member countries at the Tenth Quinquennial Review Conference, held in London in September 1985. The Conference also agreed to a draft new Constitution, and this document is currently under ratification procedures by member governments.

The provision of information and scientific services in agriculture and related fields will remain the primary functions of C·A·B International. However, the organisation will also be aiming to provide a broader range of services and will be welcoming to membership other countries, including non-Commonwealth countries, which wish to join the traditional Commonwealth country membership.

The organization is controlled by an Executive Council composed of nominees of the various governments, including one for the United Kingdom Dependent Territories.

The work of C·A·B International is largely carried out through a number of Institutes and Bureaux, each dealing with a particular aspect of agricultural science. Enquiries on scientific matters should be sent to the Director Information Services or Director Scientific Services at Headquarters, or to the Director or Officer-in-Charge of the appropriate Institute or Bureau (see addresses below). Other enquiries should be sent to the Director General at Headquarters, or to Liaison Officers in member countries.

A list of Executive Council Members and Liaison Officers will be published in the next issue of this journal.
